

BELLEmuro®

light panels

Description

Belle Muro Design Wall Panels supplied with Architectural LED lights.

Product Benefits

Pre-finished and ready to install; reduced operating temperatures; reduced fire risk.

2-3 year limited warranty

Environment

Belle Muro's products are designed with mindful consideration of the future, embracing and respecting life in the present and caring for the wellbeing of generations to come. Our LED lighting components have reduced 70% of operating temperatures compared to Halogen lowering greenhouse gas emissions. Our lights are sourced from a local company priding itself on good quality, long lasting materials and components – further reducing waste and landfill while increasing local employment.
